

## Product information

### Speick Men After Shave Balm

Gentle skin care after every shave

Speick Men After Shave Balm cares for, soothes and refreshes even sensitive skin after every shave. A moisturizing gel, made from the aloe vera plant, glycerin, bees wax, bisabolol (an active ingredient derived from the chamomile plant) and skin protecting Vitamin E that ensures perfect, moisturizing skin care.

Speick Men After Shave Balm contains Hamamelis water, Echinacea tincture, 8% calendula extract (derived from eco-friendly manufactured Calendula officinalis, regulated bio-cultivation) and the harmonizing Speick plant extract, cultivated and harvested in its natural environment in accordance with bio-regulations. Alcohol and menthol makes the After Shave Balm slightly astringent. The refreshing, distinctive fragrance is the result of a combination of exclusive essential oils.

Speick Men After Shave Balm has a skin-friendly pH value.
