

Product information

Speick Woman Shower Gel

Body care and more
New bottle, new size

Speick Woman Shower Gel refreshes and nourishes sensitive skin using pure, plant-based ingredients. Moisturizing glycerin and other nourishing, soothing ingredients protect the skin and prevent moisture loss.

Speick Woman Shower Gel does not contain any animal ingredients or colorants. It contains sugar surfactants, derived from plants, for gentle cleansing, revitalizing lavender and invigorating citrus oils. The harmonizing Speick plant extract, grown and harvested in the wild in line with bio-regulations, has a neutralizing effect.

Pure essential oils give Speick Woman Shower Gel a fresh, aromatic fragrance. It has a neutral pH value, making it very kind to the skin, and is free of preservatives.
