

**Product information****Speick Woman  
Body Lotion**

Balanced care with the fresh fragrance of pure essential oils.

Speick Woman Body Lotion is a moisturizing, aromatic lotion, made from plant-based ingredients, for sensitive skin. Skin-nourishing plant oils and skin-soothing avocado oil ensure deep cleansing care. The lotion does not contain any animal ingredients, colorants or synthetic preservatives.

Moisturizing aloe vera gel and glycerin, combined with natural bisabolol, derived from the chamomile plant, make Speick Woman Body Lotion an invigorating natural cosmetic. It protects the skin and the Speick plant extract, harvested under strict bio-regulations, skin-protecting Vitamin E, calendula and wild pansy extracts, sourced from regulated bio-cultivation, provide a neutralizing effect.
