

Product information

Speick Woman Facial Care

Daytime Emulsifying Cream Protection rich moisturising care

- Complete beauty care with harmonising speick plant extract.
 - Going that little bit further to protect your skin against environmental damage and giving your skin the best care possible by optimising its natural hydro-lipid balance.
 - Improves skin regeneration processes. The balanced formula creates enhanced vitality and refreshed radiance.

10% soothing and moisturising Aloe Vera gel, glycerine and special moisturising care components, with a sugar base and a moisturising sugar beet extract, added to improve skin moisture retention.

Wonderfully silky skin achieved through a blend of exotic cupuacu and mango nut butter, Soya oil (kbA) and nutrient-rich olive oil, as well as moisturising avocado oil.

The combination of soothing rice shoot extract with sun-block effect together with vitamin-E and rosemary extract for outstanding free-radical capture, protects the skin from the damaging effects of the environment whilst maintaining its elasticity

A composition of essential oils gives the cream its lovely fresh scent and your skin a renewed feeling of well being.

Speick Woman Facial Care Daytime Emulsifying Cream and Night Balsam – the exceptional beauty concept.

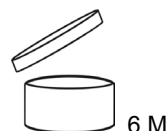

Mutually complementing beauty products, made with a special blend of active ingredients to harmonise with your skin's own formula and provide a balanced combination of day and night-time care.
