

NEW!**Product information****Speick Thermal**
Natural cosmetics**Silicea + Alga**
for sensitive skin**Deodorant** Lasting effectiveness, without propellant gas

Speick Thermal Deodorant – lasting effectiveness, vitalising freshness for new vitality and mildness through plant extracts. Skin-friendly deodorisation in a natural way. Contains no aluminium salts.

Speick Thermal natural cosmetics contain pure juvenile water from the Schlangenbad thermal spring with dissolved silica and the unique, nourishing extract of the micro alga *Spirulina platensis*.

Only plant-based carefully matched raw materials are used for Speick Thermal natural cosmetics; this vitalising systematic care is vegan. All products contain the harmonizing extract of the Speick plant from the High Alps (certified organic harvesting).

Effect: Prevents enzymatic breakdown of perspiration and thus odour formation, without destroying the skin flora.

Ingredients:

Alcohol
