

NEW!**Product information****Speick Thermal face care**
Natural cosmetics**Silicea + Alga**
for sensitive skin**Tonic***Mild and vitalising*

Speick Thermal Tonic – for skin-friendly, pore-deep thermal cleansing and vitalising freshness. Supports healthy skin functions and revitalises the moisturising process. With skin-soothing plant extracts specifically developed for sensitive facial skin.

Speick Thermal natural cosmetics contain pure juvenile water from the Schlangenbad thermal spring with dissolved silica and the unique, nourishing extract of the micro alga *Spirulina platensis*.

Only plant-based carefully matched raw materials are used for Speick Thermal natural cosmetics; this vitalising systematic care is vegan. All products contain the harmonizing extract of the Speick plant from the High Alps (certified organic harvesting).

Tip: To cleanse, apply tonic to cotton wool pad and gently dab face and neck. Ideal for pore-deep after-cleansing following Speick Thermal cleansing milk. To tone skin, apply tonic directly and gently massage in.

Ingredients:

Aqua
Alcohol
